Overview

Cost Overview

The purpose of the Cost (CST) component is to collect information on student charges for Cost of Attendance estimates and to calculate an Average Net Price (ANP) for first-time, full-time undergraduate students to meet requirements of the Higher Education Act of 1965 (HEA), as amended. This component also collects information on tuition and fees for other groups of students.

Much of the data reported on CST appear on College Navigator, which is updated only one time after CST data have been reviewed by NCES. Therefore, any data reporting errors may stay on College Navigator for a full year.

Additionally, the ANP calculation has important implications for what students see about your institution, and also for the College Affordability and Transparency Center lists.

Data Reporting Reminder:

- Report data to accurately reflect the time period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior-year reporting.

Changes to reporting:

- No changes for the 2025-26 data collection period.

Resources:

- To download the survey materials for this component: [Survey Materials](#)
- To access your prior year data submission for this component: [Reported Data](#)

If you have questions about completing this survey, please contact the IPEDS Help Desk at 1-877-225-2568.

Cost II

Source	Description	Severity	Resolved	Options
Screen: Section 1 - Student Charges: Part B - Cost of attendance for full-time, first-time undergraduate students				
Screen Entry	For students living Off-Campus (with family), any charges reported for food and housing are expected to be small, as it is assumed that students living at home with parents will be responsible for minimal food and housing costs. Please review your student financial aid budget(s), and if this amount is determined to be correct, please provide an explanation for the value reported. Otherwise, please revise your data. (Error #11564)	Explanation	Yes	
Reason	For students in Puerto Rico, living with family does not mean minimal living expenses. Due to the island's cost of living and inflation, students are often required to contribute to their family's financial burden, covering a portion of the household's high costs for food, utilities, and other essentials. The reported amounts reflect this economic reality.			
Screen: Section 1 - Student Charges: Part E - Food and Housing				
Perform Edits	The amount entered (11,085) for food and housing on the Section 1 - Part B - Cost of Attendance screen is expected to be within 10% of the amount entered for housing on the Food and Housing screen(5,850). Please correct your data or explain the discrepancy between the two amounts reported. (Error #11562)	Explanation	Yes	
Reason	As a resident of Puerto Rico, students face a high cost for groceries due to the reliance on imported goods and shipping regulations.			
Related Screens	Part B - Cost of Attendance for FTFTUG, Part E - Food and Housing			
Screen: Section 2 - Financial Aid Data: Part C - full-time, first-time degree/certificate-seeking undergraduate students Awarded Grant & Scholarship Aid				
Screen Entry	The number entered is outside the expected range of between 76 and 140 when compared with the prior year value. Please correct your data or explain. (Error #7169)	Explanation	Yes	
Reason	The difference is that the FAFSA no longer includes the housing question; we determined housing categories using both institutional records and logical assumptions.			
Screen: Section 2 - Financial Aid Data: Part D - full-time, first-time degree/certificate-seeking undergraduate students Awarded Title IV Aid				
Screen Entry	The number entered is outside the expected range of between 231 and 429 when compared with the prior year value. Please correct your data or explain. (Error #7169)	Explanation	Yes	
Reason	The number is outside the expected range because the FAFSA no longer includes the housing question; we determined housing categories using both institutional records and logical assumptions.			
Screen Entry	The number entered is outside the expected range of between 73 and 135 when compared with the prior year value. Please correct your data or explain. (Error #7169)	Explanation	Yes	
Reason	The number is outside the expected range because the FAFSA no longer includes the housing question; we determined housing categories using both institutional records and logical assumptions.			
Screen Entry	The total amount of grant or scholarship aid awarded to FTFT awarded Title IV Aid students from the federal government, state/local government, or the institution across all income levels is outside the expected range of between 1,966,997 and 3,278,327 based on the prior year value. Please correct your data or explain. (Error #7332)	Explanation	Yes	
Reason	The increase in the total amount of grant or scholarship aid awarded is accurate and reflects federal formula changes under the FAFSA.
