

## Cost II 2025-26

Institution: Polytechnic University of Puerto Rico-Miami (456481)

User ID: 88G6411

### Overview

#### Cost Overview

The purpose of the Cost (CST) component is to collect information on student charges for Cost of Attendance estimates and to calculate an Average Net Price (ANP) for first-time, full-time undergraduate students to meet requirements of the Higher Education Act of 1965 (HEA), as amended. This component also collects information on tuition and fees for other groups of students.

Much of the data reported on CST appear on College Navigator, which is updated only one time after CST data have been reviewed by NCES. Therefore, any data reporting errors may stay on College Navigator for a full year.

Additionally, the ANP calculation has important implications for what students see about your institution, and also for the College Affordability and Transparency Center lists.

#### Data Reporting Reminder:

- Report data to accurately reflect the time period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior-year reporting.

#### Changes to reporting:

- No changes for the 2025-26 data collection period.

#### Resources:

- To download the survey materials for this component: [Survey Materials](#)
- To access your prior year data submission for this component: [Reported Data](#)

If you have questions about completing this survey, please contact the IPEDS Help Desk at 1-877-225-2568.

Cost II

Source	Description	Severity	Resolved	Options
<b>Screen: Section 1 - Student Charges: Part B - Cost of attendance for full-time, first-time undergraduate students</b>				
Screen Entry	For students living Off-Campus (with family), any charges reported for food and housing are expected to be small, as it is assumed that students living at home with parents will be responsible for minimal food and housing costs. Please review your student financial aid budget(s), and if this amount is determined to be correct, please provide an explanation for the value reported. Otherwise, please revise your data. (Error #11564)	Explanation	Yes	
Reason	For students living in Miami and nearby areas, living with family does not mean having minimal living expenses. Due to the actual high costs of living and inflation, students are required to financially contribute to cover the household's housing and food costs as well as other essentials. The reported amounts show this economic reality.
